1. ☒ The amendment filed on 14 January 2010 under 37 CFR 1.312 has been considered, and has been:

a) ☐ entered.

b) ☐ entered as directed to matters of form not affecting the scope of the invention.

c) ☐ disapproved because the amendment was filed after the payment of the issue fee.
Any amendment filed after the date the issue fee is paid must be accompanied by a petition under 37 CFR 1.313(c)(1) and the required fee to withdraw the application from issue.

d) ☐ disapproved. See explanation below.

e) ☒ entered in part. See explanation below.

The replacement drawings are acceptable and have been ENTERED.
The amendment to the specification has NOT been entered because of the following reasons:
(1) Regarding the PCT application, there is no need to incorporate the PCT application by reference because the U.S. application is a 371 of the PCT application and thus is considered to be the same application; and
(2) Regarding the Swedish application, an incorporation by reference at this time is improper because as stated in MPEP 201.06(a) in the second paragraph under section IV (as well as in MPEP 201.11 in the last paragraph under section IIIF):
"An incorporation by reference statement added after an application's filing date is not effective because no new matter can be added to an application after its filing date (see 35 USC 132(a))."
